Allowable Subject Matter

Claims 1-3,5-8 and 10-17 are allowed. The following is an examiner's statement of reasons for allowance:

The examiner agrees with the applicant's argument that the prior art does not disclose or suggest first, second and third pairs of holes (or indentations) formed on a surface of the second object such that first, second and third pairs of metal balls are tightly fitted in the holes (or indentations) and partially protrude from the surface of the second object, as recited in independent claims 1, 10 and 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
